## Sport Stacking...

Sport Stacking is an exciting individual and team sport where competitors stack and unstack 12 specially designed cups (Speed Stacks) in pre-determined sequences. Sport Stacking promotes hand-eye coordination, ambidexterity, quickness, and concentration – skills needed to excel in both sports and academics.

We just finished another successful season of Sport Stacking. There was a change in the age group divisions this year, but the stackers did a great job in the regionals at Connersville, Indiana, this past Saturday. There were nineteen students who represented Cedarville. They were: Isaac Copeland, Carter Hasselman, Will Lashure, Dylan Rochelle, Lukas French, Braden Green, Calvin Hartleroad, Patrick Judd, Max Otto, Logan French, Chloe Hogue, Sam Htoo, Olivia Lashure, Parker Wall, Truman Wirtz, Jenna Gladioux, Tyler Harleroad, Paige Hasselman, and Gaven Vitz. There were too many awards to list here, but one of the highlights was the 6 and under relay team of Isaac Copeland, Carter Hasselman, Will Lashure, and Dylan Rochelle who placed first and may have a new state record pending video review. Thanks to the students for all of their hard work and dedication and to the parents for all of their support.

# Teacher Feature

## Spotlighting Mrs. Rowan, First Grade Teacher...

As a young child, I grew up in Ft. Wayne and was raised in a very busy home. I was one of four children and my parents were both educators. My dad was also a basketball coach, so I spent lots of time in gymnasiums across Indiana. My love of reading came from watching my mother read and from our walks to the public library.

I don't really remember when I knew I wanted to be a teacher, for it seemed just a part of me, like my brown eyes and dark hair. When I graduated from Snider High School in 1986, I decided to study Elementary Education at Ball State University. There I met my husband and we were married shortly after I graduated.

I have been involved in education since I graduated, but not always on a full time basis or for financial gain. I did some substitute teaching, was a preschool teacher, taught Sunday School and found myself volunteering quite a bit, while at home with my own children. This is my seventh year teaching first grade and my eighth year here at Cedarville. My first year was spent teaching kindergarten.

My husband is also a teacher for EACS and coached basketball for approximately 20 years. We are very proud parents of our daughter, Marykate and our son, Joey. Marykate is a sophomore at Purdue University and is studying Hospitality and Tourism Management. Joey is an eighth grader at Leo Jr. Sr. High School.

My family and I feel extremely blessed to live and work in such a special community. It has been a dream come true finding a job I love with the greatest students, co-workers and families imaginable!

*I Love It!*  
*Great Job!*
