Our mission at Cedarville Elementary School is:
To build a solid academic foundation and develop fundamental skills that will lead our students into a lifetime of success.

From the desk of the Principal...

Thanks to the Cedarville/Leo PTO, staff members, and the numerous parent volunteers who created a High Seas Adventure for this year's carnival on March 2nd! This event would not be possible without the dedicated leadership and creativity of our Carnival Committee and the selfless contributions of time and resources of our volunteers and supporters!

Spotlighting Mrs. Christopher, Third Grade Teacher...

I have been a loyal parent and teacher to Leo and Cedarville Elementary Schools for the past 41 years.

I have three children that have gone through Leo Elementary, and have graduated from Leo Jr/Sr High School. Chad, my oldest, is also a graduate of Ball State University with an architectural degree. He is now living in Oahu, Hawaii, with his younger brother, Kevin.

Kevin is also a graduate of Ball State University with a degree in marketing. Both boys have now begun their own business in solar energy. Their new company is called Enersol.

My middle child, Stacy, graduated from International Business College with a degree in accounting. She works at Lutheran Hospital in the business offices. She also works with AWS.

I, too, have grown up as my children did, in these wonderful schools. I began teaching 1st grade at Leo Elementary and then 1st and 3rd grades at Cedarville Elementary, when it was first built.

Teaching is the only thing I have ever wanted to do. My father was my inspiration, for he was a high school teacher and a basketball coach for Churubusco High School. Seeing children grow and learn has been my greatest joy and delight.

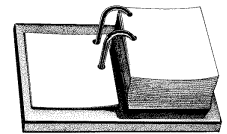

I have decided that this is my last year of teaching. I now wish to visit my sons in Hawaii and enjoy my first grandchild to be born this summer to Stacy and Brandon. Michael, my husband of 35 years, will continue to be with me on my next lifetime adventures.

I wish to thank my past principals, my present principal (Dr. Bakle), co-workers (friends), parents, and – last, but not least – my past classes for letting me be a part of your lives. Thanks for teaching me more than I have taught you. God bless you all!
